Golf Scramble Rules

A Scramble is where each player tees off. And the best of the four shots determines where the second shot is played. All players move their balls to that spot and play their second shots. The best of the second shots is selected and all players move their balls to that spot. Play continues until a ball is holed. All team members receive that score.

In our Scramble, each foursome **MUST** use every teammate's drive at least once each nine holes. This way, everyone has a chance to help their team achieve low scores.

Each player is responsible for confirming his or her foursome before registration. Please contact Mary at 574-233-1164 if you need help finding a foursome.

Sign up now- the first 64 registrations will be accepted. Registration form on page 11.
